

FOR IMMEDIATE RELEASE

ServiceMaster of Kingston, Belleville and Trenton

recognizes the contributions of

Rob Glaude

August 16, 2021 – Since joining ServiceMaster of Kingston, Belleville and Trenton in August of 2015, Rob Glaude has proven himself to be one of the most reliable and dependable employees anyone could ask for! His cheerful demeanor and eagerness to perform his duties with a careful eye to detail has made him not just invaluable to us, but he is most certainly our **EVERYDAY HERO!**

Rob's dedication to our customers is second to none. He consistently goes above and beyond to ensure our clients are happy! Even if it means taking on extra responsibilities like window cleaning, building maintenance or biohazard cleaning, Rob never hesitates! And our clients like The Springer Group most certainly reap the benefits of Rob's dedication. In addition, Rob's work ethic is so trusted that he has been granted special

access to service the Reactor Materials Lab for Queen's University, a safety-first, nuclear materials testing facility.

We are certain that we would not be as successful in what we do without Rob! We are so proud and thankful to count Rob as a member of our team and would like to recognize Rob for **always** showing up, in every sense of the term, and not simply for *just* showing up, but showing up with a smile!

*"Rob, being you means you are not just essential to us,
you are most certainly our **EVERYDAY HERO!**"*

AJ Gould
General Manager
ServiceMaster of Kingston, Belleville and Trenton
